

### Fibre Optic Cleaning Kits (Non UK)

The fibre optic cleaning kits combine all the best and most widely used products in one simple to use package. They contain all the necessary products to competently and professionally clean fibre optic installations. With 3 levels of kit available it's easier to choose the right one for the application.

#### FEATURES

- High quality products
- 3 levels depending on user application
- Products available individually for kit refill
- Provided in a soft carry case
